Issue number 3—Ofsted

## In this issue:

- Head Teacher's Message
- What parents & carers need to know about X
- Arbor Parent Portal

## Head Teacher's Message

Dear Parents and Carers.

Term 2 has begun in earnest and we welcome two new teachers Mr Baxter (Juniper class) and Ms Jones (Hazel class) to our team. Our young learners have settled in well after the half term break and are engaging well.

Also, this term, North Star 82° are thrilled to have received confirmation from our recent Ofsted visit that we continue to be a "Good" school under section 8 of the Education Act 2005. The school has been praised as an educational setting where pupils "find sanctuary, safety and success" through a culture of "continual improvement". Our hard-working team had inspectors highlighting strengths in the well-planned curriculum, particularly in areas such as Mathematics, where pupils achieve well and in English, where pupils' attitudes to reading are often "transformed". The report emphasised other strengths such as the management of complex and challenging behaviors through excellent pupil/staff relationships which have promoted and secured an excellent learning environment.

The inspection was a very positive snapshot which offers North Star 82° a clear pathway for continuous improvement in the coming terms.

We are expecting a busy term in the lead up to Christmas and we will of course welcome you all to our school on the last Friday of term for our Christmas parent/carers assembly.

Also, in this edition you will find information about our new free Parent Portal through Arbor App which will be rolled out very soon.

*James Wookey*

# What Parents & Carers Need to Know about

# X

AGE RESTRICTION  
**13+**

In October 2022, the enormously popular social media network Twitter was purchased by tech tycoon Elon Musk. That sparked a host of changes to the platform – not all which have been received positively by its fans. The alterations have continued with each passing month, many of them raising online safety concerns among the 530 million users of Twitter (now rebranded as simply X). With further adjustments reportedly in the pipeline, X has attracted more than its usual share of controversy and caution in recent times.

## WHAT ARE THE RISKS?

### A BLOCK ON BLOCKING

X has announced plans to remove its blocking feature. Previously, this stopped other users from viewing your profile or sending you direct messages, while also hiding their posts from your feed. Only this latter function will now remain. The decision has been criticised by some members, who feel that blocking (in its current form) protects them from X users who promote denial and hatred.

### AGE-INAPPROPRIATE CONTENT

Many of X's less age-appropriate posts can feature anything from extreme political views to pornography. While accounts marked as 18+ are restricted from non-members, it's still fairly easy to stumble across this material accidentally. X's new 'For You' page also shows content from accounts that a user doesn't already follow – meaning that almost anything could end up on a child's feed.

### LIMITED REPORTING FEATURES

X offers a premium membership, with some functionality (such as controlling who can view and reply to your posts) increasingly being made exclusive to those who pay the subscription fee. Several commentators have speculated that X could one day become an exclusively paid-for service, with access to accounts being revoked for anyone unwilling or unable to take out a subscription.

### VERIFICATION FOR SALE

Historically, Twitter's moderators granted account verification, certifying someone as authentic by placing a blue tick next to their username. One of X's earliest changes was to place verification behind a paywall; this caused the number of celebrity impersonators to rise and left no way to distinguish, say, a legitimate influencer from a copycat fake account seeking to exploit other users.

## BLUE TICK SALE

## Advice for Parents & Carers

### PROTECT PRIVACY

Unsavory characters may try to gain access to a young person's X account – either to view their posts and gather information on them, or to completely take control of it. To minimise risk, ensure the account has a strong password and enable the 'Protect Your Posts' feature (via the account settings), so that strangers can't view your child's posts without first being approved as a follower.

### DON'T RISE TO THE BAIT

To gain more views and followers, some X users post deliberately inflammatory comments on sensitive topics such as race, sexual orientation and gender issues. Many young people could find this upsetting. Emphasise that, if your child encounters someone spreading hate on X, it's best not to give that person what they want: an argument. Ignore them, mute their account and move on.

### STAY ALERT FOR IMPOSTERS

Make sure your child understands that X's blue ticks no longer guarantee the identity of anyone on the platform. While it might be exciting if a celebrity liked your child's post, it could just as easily be an imposter with malicious intentions. If your child's not 100% sure that an X user actually is who they claim to be, advise them to err on the side of caution and avoid interacting with that account.

### ONLY FOLLOW TRUSTED ACCOUNTS

Using the 'Following' tab on X helps to ensure that the only content your child sees has come from accounts they've chosen to follow: this should reduce the chance of them inadvertently being exposed to harmful, violent or explicit content. Show your child how to report another user's account if, say, they're behaving inappropriately by spreading misinformation or offensive opinions.

### BE READY TO TAKE ACTION

If your child suffers harassment on the platform or becomes the target of a hack, you could consider deactivating their account entirely. Recently, X's safety features have been criticised for allegedly failing to protect users' wellbeing – so if your child is being subjected to abusive messages or similar mistreatment on the platform, it might be prudent to remove them from X altogether.

## Meet Our Expert

Urgent Comment is Editor in Chief of gaming and esports site [Golobby.com](https://www.golobby.com) and has worked in the gaming media for around four years. Always eager to test out the latest apps, games and online trends, he's also a parent who understands the importance of online safety. Writing heavily about tech and games, his articles have been published on influential sites including [IGN](https://www.ign.com) and [TechRadar](https://www.techradar.com).

# We're using Arbor's free Parent Portal and Arbor App

We've chosen Arbor to help us manage our school.

Arbor is a simple, smart and cloud-based MIS (Management Information System), which helps us work faster, smarter and more collaboratively as a school. The Arbor App and Parent Portal mean we can keep you informed about your child's life at school in a much more accessible way. Log into Arbor to see and update your child's information, get live updates and make payments or bookings on the go!

The Parent Portal works on Google Chrome (computer or laptop) and you can download the Arbor App from the App Store or Google Play Store on your phone (Android 5.0; iOS 10.0 and upwards).

## How to get started

1. Wait for your welcome email from us telling you Arbor is ready - you won't be able to log in before
2. Click the link in your welcome email to set up your password
3. Go to the App or Google Play Store on your phone and search 'Arbor'
4. Click 'Install' on Android or 'Get' on iPhone then open the App
5. Enter your email, select the school, then enter your password
6. Accept the Terms & Conditions and enter your child's birthday

The Sunnyville School of Magic  
W10 5BN, London, GBR

Enter your password

## Need help using Arbor?

Contact the school office if you have questions about Arbor, the App or Parent Portal. Tell us the type and model of your phone, e.g. an iPhone SE, and include screenshots or screen recordings.

To safeguard student data in line with General Data Protection Regulations (GDPR), Arbor only works directly with schools.

Some tips to try:

1. Ensure your username is the email address you use for Arbor. Ask us to check the email address linked to your account.
2. Reset your password from the login page, or ask us to do this.
3. If the login email was sent to you more than 96 hours ago, the password link will have expired. Ask us to send it again.
4. Ask the school office to check that your email address has not been used twice - e.g. on another guardian or child's profile.
5. Enter the birthday of one of your children to login.
6. Only relatives who are Primary Guardians of a child can access the Arbor App. Ask us to check you can access Arbor.
