If you have any concerns relating to child protection issues in school, please contact one of these people.

## Safeguarding is everybody's responsibility.

- Any concerns regarding a child's safety should be reported to the designated safeguarding lead or deputy safeguarding lead immediately. The school policy and procedures will then be applied.
- North Star 240° will give full support and cooperation to those agencies involved with a child who is the subject of a child protection plan.
- Whilst in school, you may witness, on occasion, a situation where it is necessary for a member of our trained staff to hold a child to prevent injury. Please do not attempt to assist but leave for our staff to manage.
- All incidents of physical restraint, when managing children's behaviour, will be recorded and parents/carers informed.

If it is not appropriate to share your concern with the school members directly then staff can access the NSPCC whistle blowing hotline on 0808 800 5000 Or the LADO on 0117 903 7795.
